

Welcome to The Lawn!

We're glad you're here! We care about your safety and appreciate your strict adherence to these guidelines...if they seem too restrictive to you, please opt to meet somewhere else.

At this point, only Plymouth fellowship groups, small-group ministries, and staff will meet. (We will add boards, etc., at a later date.) For the health of our staff, please **don't enter** the building (even if you have a key) ... *plan in advance for bio-breaks!*

Only meet here if you can agree to these guidelines:

- I have made a **reservation** with Barb Gregory in the church office. (970-482-9212 or barbara@plymouthucc.org)
- Our group has **10 or fewer** people.
- I have taken **my temperature today**; it is normal.
- I have **none** of these symptoms: headache, sore throat, fever, dry cough, shortness of breath, body aches, earache, diarrhea, fatigue, vomiting, abdominal pain, recent inability to taste or smell.
- I agree to **wear a mask** continually while I am on the church grounds and avoid Kattera construction staff next door.
- I agree to keep a minimum of **six feet of physical distance** between myself and others.
- I agree to use provided **hand sanitizer**.
- I agree to **wipe down chairs** with disinfectant and **secure them** when done.
